

# SAVE THE DATE

# INTERNATIONAL FORUM FOR PEER LEARNING

6 JUNE 2019 | BRIGHTON, UNITED KINGDOM

We are delighted to invite you to attend the second Forum for Peer Learning in June 2019, to be held in Brighton, UK, at the Brighton's newest and tallest landmark, the British Airways i360.

Building on the previous inaugural European Forum held in Lund, Sweden in 2017, we promise to bring you another stimulating event where you can join like-minded students and practitioners for debates and discussions about many aspects of academic peer learning.

Our aim is for this second forum to be a supportive and encouraging environment for both staff and students, promoting the values of partnership, inclusivity, sustainability and creativity.

Held at the British Airways i360 meeting rooms, the Peer Learning Forum will commence at this exciting venue with a keynote, followed by a programme of workshops and paper presentations, even lunch on the beach if the weather allows! Included in the event is a 'flight' on the i360, plus access to the exhibition space, refreshments and lunch.

Delegates are invited to attend the pre-forum networking event on Wednesday 5th June from 5.00pm - 8.00pm at University of Brighton's

Grand Parade campus where the buzz of the University's Graduate Show is underway. As well as joining a pre-Forum workshop focused on particular developments in peer learning – guests will have the opportunity to enjoy drinks, network and see some of the impressive artwork from students from the schools of Art, Media, Humanities, Architecture & Design.

This welcoming forum will provide opportunities to explore many aspects of peer learning in terms of theory and practice.

#### Ticket Prices

£110.00 delegate registration

£75.00 for students

£110.00 for workshop presenters with a free student co-presenter space
